TEAM FROM MARION TAKES BOTH GAMES

Rhinelanders Play In Hard Luck When They Meet The Clever Farmer Boys.

Even the great Napoleon met his Waterloo; so did the Rhinelanders base ball team when they met the "Swamp Foxes" from Marion last Saturday and Sunday, going down to defeat in two games of the national pastime by scores of 9 to 3 and 7 to 5. Sunday's game proved to be a stubborn contest and a hard one to lose, with the locals leading all the way until the fatal ninth. In that round Marion unexpectedly came up from behind and batted out a victory with the assistance of two passes to first a muff in center and an unfortunate throw to third, which resulted in bringing five runs across the plate. The big sensation of either game, was the remarkable form displayed by pitcher Hutchinson in his initial bow before the critical Rhinelanders base ball public, thereby setting at rest all doubt as to his hurling ability and also justifying the claims of his many friends upon his past performances. At aught it seemed, Hutchinson was by no means disgraced. Seventeen of the shod hitting Marion batsmen stepped up to the plate and vainly took those healthy swings at the elusive sphere, while only five clean hits and three safe bunts were garnered off his delivery.

With Bies on the mound in Saturday's game, Rhinelanders scored its first run in the fourth inning on an error of Mohr, Bies' sacrifice and Captain Post's mighty drive to center field for three bases. He was left as Jastram and Hutchinson struck out. Marion failed to find the plate until the seventh inning, when Mohr the arch conspirator, aided and abetted by the three Flagagans, Dan, Ed and Henry brought home three runs. Rhinelanders counted twice in their ball tying game, but Marion showed its class by adding two in the eighth and four more in the ninth while young Daley, who occupied the slab for Marion, held the locals helpless after the seventh.

Both Daley and Flagagan pitched clever ball for Marion, the former allowing only five safeties, Post securing two of the total. Loose fielding in the outfield and failure to hit the ball with any degree of safety when men were on bases, was responsible for the loss of the game. In fact Sunday's contest was merely a repetition of the preceding day, with the exception of Hutchinson's brilliant showing in the pitcher's box, Captain Post again leading with the wilow, connecting for a single, a triple and losing the ball for a home run, driving Bies in ahead of him.

O'Mella's first base playing was a feature of both games, while Bies in right field made a splendid running catch of a line drive. Barring the West Parks of Milwaukee, the Marion team appeared to be the strongest organization of any that has visited Rhinelanders this season, playing nice, clean ball from start to finish, which may account for their two victories in the last stages of both contests.

THE CAMPELLS ARE COMING

Big Circus Will Exhibit Here On Thursday, August 11.

The people of Rhinelanders are to have the chance of seeing another circus this summer. Campell Brothers' Shows will appear in this city Thursday, Aug. 11. The contracting agent was here last Friday making arrangements for the coming of this big attraction. The circus will arrive from Merrill over the Soo Line. Advertising car number one will bring a crew of bill posters to the city within a few days and the bill boards, barns and fences will be covered with bright colored signs, describing the wonderful features of the circus.

Campell Brothers exhibited at Rhinelanders on July 27, 1906, and will be remembered by those who attended the performances as being one of the best tent shows ever seen here. Since appearing here last the show has increased in size until today thirty double length cars are required to transport it from city to city.

SWEDISH LODGE IS FIFTEEN YEARS OLD

Members of S. H. & E. F. Fittingly Observe the Anniversary of Their Order.

At their hall on North Brown St. a few nights ago, the members of the S. H. & E. F. of A. celebrated in fitting style the fifteenth anniversary of the organization of their lodge. The program consisted of music, both vocal and instrumental, speech making, cards, and dancing. The merriment was brought to a close at a late hour with a lunch prepared by the ladies.

Has Healthy Growth

Fifteen years ago the S. H. & E. F. of A. lodge was established in Rhinelanders with twenty-five charter members. The order here has had a healthy growth and today numbers one hundred and twenty-two members in good standing. The membership would reach a much higher figure, were it not for the fact that during the last five years or more many of those connected with the lodge have left the city, the majority moving to the western states.

Deep interest is taken by the members in all affairs pertaining to the order as is indicated by the large attendance at the regular meetings. A campaign for new candidates is always being carried on and telling results from this work are being realized.

Elect New Officers

The S. H. & E. F. of A. lodge has elected the following officers for the ensuing year:
Pres.—A. C. Dan Iron.
Vice-Pres.—Chas. Magnusson.
Rec. Sec.—Andrew Olson.
Fin. Sec.—Andrew Schulstrom.
Treas.—Hans Anderson.
Chaplain—Sam Motberg.
Marshall—Andrew Olson.
Inner Guard—Peter Nelson.
Outer Guard—Anton Larson.
Trustees—Anton Hanson, John Dahlstad and Andrew Wick.

FARM HOUSE BURNS

Haraldson Home Is Laid In Ashes Friday Morning

Fire Friday morning destroyed the dwelling house which was owned and occupied by Ole Haraldson on the west shore of Moen's lake.

The origin of the blaze is unknown. Mr. Haraldson and other members of the family left home after breakfast and knew nothing of their misfortune until their return some hours later. From his summer cottage nearby, E. O. Brown discovered the fire and hurrying to the scene in his automobile succeeded in saving part of the household goods.

Mr. Haraldson purchased the property a short time ago and had it insured for \$1200 in the Barnes-Weesner Agency.

RETURN FROM CONVENTION

Mayor Anderle, City Clerk Swedberg and Aldermen Baker, Berg and Calkins returned Friday from the convention of the state municipal league at Fond du Lac.

They report a very profitable session and also speak well of the good time shown them by the people of Fond du Lac. About two hundred representatives from all the leading cities in Wisconsin were present at the gathering. Among those who delivered addresses was Emil Seidel, the new socialist mayor of Milwaukee.

MILITIA BOYS HOME FROM CAMP DOUGLAS

Members of Company L Make A Favorable Showing At Annual Encampment.

After what proved to be one of the most successful encampments in which the second regiment has participated in several years, the members of Company L returned to this city last Friday night.

Makes Good Showing

Considering the large number of new men in the company this year the showing presented by the organization at camp could scarcely have been improved upon. In all the regular routine of work the company did exceptionally well and brought forth many pleasing comments from the general officers of the Wisconsin National Guard.

In one or two instances the company failed to maintain strict military discipline but this was almost wholly due to the action of the new recruits or "rookies". The boys are not yet thoroughly versed in the fine points of military life although a little more instruction will put them in the ranks of the seasoned campaigners.

In rifle fire the company secured third place in the regiment. One day the boys were put through the exercise of shooting at disappearing targets arranged in battle formation. This was a new "stunt" and required quickness and steady nerves on the part of the shooters. All the "rookies" took part in this shoot and several of them gave evidence of developing into good marksmen. All of the old men held their own on the firing line although no new records were established.

Russell Ranks Second

Sergeant Russell managed to keep up his reputation as a marksman. While the scores of the rifle practice were not announced it is reported that he got second place in the Regiment. He is rapidly regaining his old time form and will no doubt make his usual high record at rifle camp next month.

Owing to a disabled arm Sergeant Kramer, another crack shot of the Company, was unable to take part in the shoot.

Praise From King

In speaking of the encampment of the Second regiment, Gen. King says: "It can safely be classed as one of the best, if not the best, encampment any regiment ever held here. The discipline has been fine. The falling in at reveille roll call has been prompt and officers and men have shown greater interest and ability than ever before."

"The Marshall Land has shown a wonderful improvement in discipline and concert work and has aided materially in making this encampment the success it has been. I regard the band as the best military band in any national guard. The army instructors detailed here with the regiment took up everything I say."

The regular army sergeants who have been instructing the non-commissioned officers of the guard had only praise for the regiment and expressed themselves as surprised that the Wisconsin militia approached so near to regular army requirements.

ADDRESSES THE TEACHERS

Grant Cook, superintendent of schools of Forest County, addressed the teachers who are attending the summer normal at the High school building, Wednesday morning. His subject was "Teaching As Looked At By The County Superintendent". He gave a very able and instructive talk.

He gave many timely suggestions which, if carried out, would prove of value to the country teacher in her work. Among the matters which he touched on were discipline in the school, the first day's work, meeting with new problems, the board of place and conduct of the teacher therein. The majority of ideas expressed by Mr. Cook during his discourse, have been gained by him through actual experience.

Misses Mary Schlotzka and Laura Zumach are here from Milwaukee visiting at their respective homes and among friends. Miss Schlotzka may decide to remain in the city.

MCGOVERN TO SPEAK HERE

Candidate For Governor Is Coming To City Next Wednesday.

The voters of Rhinelanders will have the opportunity of hearing Francis E. McGovern, candidate for the nomination for Governor on the Republican ticket, at the Grand Opera House in this city next Wednesday evening, July 27.

Mr. McGovern is touring Wisconsin in an automobile and will arrive here from Monico on the afternoon of the 27th. He is making a vigorous campaign and will arrange to see all the people, even those living in the most remote parts of the state.

Mr. McGovern made the real keynote speech of his campaign Monday night at Rison where he addressed a large audience. He is the right man for the office to which he aspires and his platform and principles are for all that is clean and just. Don't fail to hear him next Wednesday evening.

FOREST FIRES WIPE AWAY THREE TOWNS

Aniwa and Heineman Are In Ashes—Northwestern Train Runs Through Flames

Forest fires are again breaking out afresh and in many places in this county are raging fiercely. During the last two or three days the fires have been close to the city although as yet there is no cause for alarm. Late reports received in Rhinelanders this morning state that the villages of Bismarckville and Heineman, near Merrill, and the little town of Aniwa just south of Antigo were wiped off the map yesterday afternoon.

Towns Are In Ruins

At Heineman the high wind from the west fanned the flames from the forest fire into the village and soon the plating mill, the lumber piles and general store of the Heineman Lumber Company and all the dwelling houses were destroyed. The people, about four hundred in number, were taken to Glean, four miles away.

Practically the entire village of Aniwa has been laid in ashes by fires which still are sweeping miles of territory on all sides of the ruined town.

Word from Antigo says that the wire connection with Aniwa has been severed and that up to late last night, it was impossible to reach the town by train. It is said that 7,000,000 feet of lumber there has been destroyed.

Train Is On Fire

The crew and passengers on the north bound Northwestern train number 105 had a trying experience with fire a few miles south of this city last night.

The flames crept so close to the tracks that two of the coaches of the train became afire. The cars would no doubt have been destroyed had it not been for the prompt aid of Chas. Loos, a brakeman, and J. R. Bently and Mike Erickson, employees of the Rhinelanders Paper company. The men worked like Trojans and soon had the fire extinguished. The train was delayed about half an hour.

CIVIL SERVICE EXAMINATION

The State Civil Service Commission announces that a general competitive examination will be held on Saturday, August 20, 1910, for the positions of Architectural Draughtsman (State University), salaries \$75 to \$168.33 per month. Assistant Mechanician (State University), compensation 35 cents per hour. Assistant Physician (State Institutions), salaries \$90 to \$1,200 per annum and maintenance. Assistant University Editor (State University), open to women only, salary \$600 per annum. Machinist (State University), compensation 30 to 35 cents per hour, and trained nurse (State Institutions), salary \$65 to \$55 per month and maintenance.

GIVE OPTION ON LANDS

John Barnes, E. A. Edmonds, John Moen, Matt Stapleton and E. A. Weesner have in the last 10 days either given or promised to give option on lands amounting in value to \$216,000. The above gentlemen hold in the neighborhood of \$350,000 worth of lands.

It will bear witness to your good taste if you write it on Twotone or Highland Linen—the popular styles in Eaton-Hurlbut Writing Papers. Plenty of other styles here, too, of these attractive writing papers.

C. D. BRONSON

NEARBY TOWNS

Hurley—The Hurley Gas Company has completed its plant and began making gas on July 4 and both Hurley and Ironwood are being supplied with gas. The franchise was granted to H. M. Wallace, Detroit, and Andrew Type, Grand Rapids, who have financed and installed gas plants in Ludington, Iron Mountain, Mich., and Stoughton, Wis.

Grand Rapids—Rott. Skerck, 16 years old, employed on the section crew of the Soo line, near this city, was thrown from a hand car and fractured his skull. He cannot live. —Leland Rocheleau was seriously injured in the paper mill at Biron, Friday morning. He was employed in cutting sulphite off the rolls when the knife slipped, cutting him in the right thigh.

Wausau—On Aug. 14, eight German Lutheran congregations in Marathon county will unite at Nausa in the town of Berlin, for a golden jubilee celebration of the fiftieth anniversary of their founding, being vacated by acceptance of the and the pioneer pastor, Rev. John Streeter of Saginaw, Mich., who organized these and other churches in this district, will be here to assist in the ceremonies.

Iron River—The school census of the town of Iron River shows a considerable decrease in the number of children of school age. In 1909 the census totaled 527. This year it is 475. The dropping off is no doubt due to the closing of the livery mill which caused a number of families to leave the city.

Ladysmith—W. L. Zehner, a Rusk county farmer, has a Plymouth Rock hen in his flock which recently laid a freak egg. It measured 3 1/2 inches long, 2 1/4 inches wide and weighed 6 ounces. When found by the children the shell had been broken and contained only the white, the place of the yolk being occupied by another

complete egg of natural size with a hard shell.

Crandon—A few days ago Peter O'Connor of Antigo, and Chas. Warden of Menasha, two timber cruisers were notified by letter to come to this section and estimate the damage by fire through a certain tract of land. Upon their arrival on the land they found that there had been a fire in that vicinity. The opinion is that the gentlemen are the victims of some unknown practical joker.

Marinette—Chief of Police John Cook is running fakers out of the city as fast as they can be gathered in by the police. Two or three beggars, supposed to be cripples, have been exposed as frauds.

Hurley—Robbers cracked the safe in the office of Martin Darin, town treasurer at Iron Belt, and secured about \$50. Mr. Darin had had \$2000 in the safe during the day but deposited all but \$50 of the amount in the bank that afternoon. The Soo line depot here was also broken into but nothing of value was taken.

Clintonville—Clintonville's first Rooster Day, July 14, was a grand success in every way and brought between 6000 and 7000 visitors to the city. A barbecue, races and two big dances were features of the day. The event was held in celebration of the securing of the Johnnes Pickle Company's factory, an automobile factory and other industries.

Ashland—United States Marshall Pugh has been in the vicinity several days serving warrants on saloon keepers who were recently indicted before the federal grand jury at La Crosse for selling liquor to unallotted Indians. He made two arrests at Bayfield, nine at Washburn and eighteen in this city. The men were brought before U. S. court commissioner Merrill and each gave bonds for \$250, for their appearance at the next term of federal court. About two months ago sixty Ashland liquor dealers and bartenders paid fines at Eau Claire for the same offense.

Tomahawk—Harry G. Bell was removed as judge of the second municipal court in a decision handed down by Judge A. H. Reid of the circuit court. In April 1910, Bell was elected district attorney and was elected district attorney and was elected for that office, vacated the office of municipal judge. Proceedings against Bell were started by G. M. Sheldon. The hearing was heard before Judge Reid on July 5. He held that the two offices were incompatible and the judgeship had been vacated by acceptance of the position of city attorney.

Merrill—The Anson-Gilkey & Hurd company's mammoth sash and door factory will be put in operation within a few days. While running at full capacity the plant will give employment to between three and four hundred men and the out put will amount to several cars per day. For eighteen months the factory has been idle and at one time the indications were that it would not be re-opened for business.

NOTICE FOR BIDS
City Clerk's Office,
City of Rhinelander.

Sealed proposals will be received by the undersigned City Clerk up to the hour of 2 p. m. August 2, 1910, for the furnishing of all materials and the laying of one 8 inch vitrified sewer pipe with one manhole on Randall Street from Kemp Street to Park Street thence west on Park Street from Randall Street to Keenan Street and connect at said points.

Said work to be done all according to plans and specifications now on file in the office of the City Clerk. A certified check payable to the City Treasurer in the amount of 5 per cent of the bid must accompany each bid as a guarantee of good faith on the part of the bidder.

The right is reserved to reject any and all bids.

By order of the Board of Public Works.

GUST. SWEDBERG,
City Clerk.
Dated July 18, 1910. J721-23

UNIVERSITY SUMMER SCHOOL

There is an enrollment of 1,236 students in the University of Wisconsin summer school at the end of the first eight days, an increase of over 100 above the attendance at last year's summer session. This year the students come from 42 different states and 17 foreign countries.

The 50 students from abroad include 15 from China, 7 from Japan, 4 from India, 3 from Russia, 3 from Mexico, 4 from Philippine Islands, 2 from Turkey, 2 from Paris, 2 from Germany and 1 each from the Transvaal, South Africa, Norway, Porto Rico, Bohemia, Belgium and Cuba.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Rhinelander People to Neglect
The great danger of kidney troubles is that they get a firm hold on the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Loan's Kidney Pills, which has cured people right here in this locality.

Christopher Forsythe, Country road Eagle River, Wis., says: "I suffered from a pain in my back for months and my kidneys were sore. The secretions from these organs were also highly colored. I felt weak and little like doing anything. I was finally advised by friends to try Loan's Kidney Pills and I procured a supply. Since using two or three boxes I have been free from pain and have had no trouble from my kidneys, in fact, have felt stronger and better in every way. I give this valuable remedy the entire credit for the change in my condition."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States. Remember the name—Loans—and take no other.

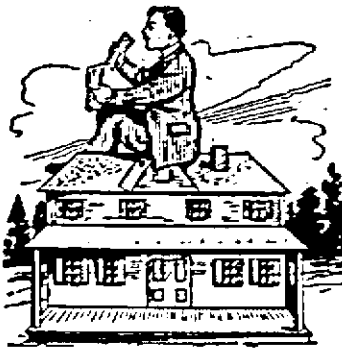

FUNERAL AT MARINETTE

The body of the late John B. Seborin, who died at the home of his daughter, Mrs. Julius Edwin, in Rhinelander, on Wednesday, arrived here this forenoon and was taken to McLain's undertaking rooms. Heart failure was the primary cause of death. Decedent was 76 years of age and had resided in Marinette for many years as blacksmith for one of the lumber companies. He was a member of Branch No. 5 Catholic Knights of Wisconsin of this city. The funeral will be held Saturday morning from the American House, where Joseph Wolf, nephew of the deceased resides, the body being removed there this afternoon, and from St. Joseph's church at 9 o'clock. Burial will be in Woodlawn cemetery at the side of the wife who preceded him in death some years ago. Mr. and Mrs. Edwin are here for the obsequies.—Marinette Eagle-Star.

ORDER YOUR PIERCE MOTOR BOAT NOW.

We have received a remarkable number of inquiries and orders for our famous Pierce Motor Boats. These boats are high class in every respect, mechanical outfit and fittings through out being of the very best. We call it the boat without a mistake, and its buyers agree with many amplifying adjectives. Beautifully finished—it is a speedy and a graceful craft. Those intending to order a Pierce this year should do so at once, as the demand is the largest in the history of our business. All Pierce boats are complete when shipped and are created free of charge. Pierce Motor Company, 265 22d Street, Racine, Wisconsin.

For sale—At this office, fine map hangings, consisting of three maps, 1 of the world, 1 of Wisconsin, 1 of the United States and the Panama Canal Region. A fund of information in small space, should be in every home. Price 25 cents. At

WITH THE LANDLORD ON TOP OF YOU every month for his rent don't you often wish you owned the house you lived in? You can do it all right if you are earnest about it. Call in and learn how easily you can become a property owner if you really want to. I have real estate which can be bought with very little cash if you have sufficient ambition to own it.

Houses in all parts of city, vacant lots and one acre lots in city. 5 and 10 acre lots near city limits for sale on easy terms.

FOR INSURANCE COMMISSIONER

Herman L. Ekern, Deputy Insurance Commissioner, who has done so much for the people of Wisconsin in getting laws passed protecting their interests, is now a candidate for the office of Insurance Commissioner. Mr. Ekern must get his votes from the people whose interests he has safeguarded. Every one interested in just insurance laws and their just interpretation should support Mr. Ekern.

A FEW SHORT WEEKS

Mr. J. S. Bartell, Edwardsville, Ill., writes: "A few months ago my kidneys became congested. I had severe backache and pain across the kidneys and hips. Foley Kidney Pills promptly cured my backache and corrected the action of my kidneys. This was brought about after my using them for only a few short weeks and I can cheerfully recommend them."

J. J. Reardon.

RECEIVER WINS SUIT

The first of the "accommodation note" cases started by Receiver Tillinghast of the First National bank of Ironwood, says the Hurley Miner, was tried last week in federal court at Marquette.

Herman Skud, the Ironwood merchant, was the defendant and the receiver sued to collect \$2,500 and interest from April, 1909, from Mr. Skud. Wednesday morning the court instructed the jury to render a verdict in favor of the plaintiff. This direction was made after the testimony had been heard and the arguments of attorneys for both sides had been submitted on the question of whether or not any legal defense had been made.

Receiver Tillinghast has sold the Commercial block, which was the property of the bank, for \$26,000.

"IS LIFE WORTH SAVING?"

Mrs. Mollie McRaney, Prentiss, Miss., writes that she had a severe case of kidney and bladder trouble, and that four bottles of Foley's Kidney Remedy cured her sound and well. She closes her letter by saying: "I heartily recommend Foley's Kidney Remedy to any sufferer of kidney disease. It saved my life."

J. J. Reardon.

BURIED AT GRAND RAPIDS

The remains of F. W. Harris, the Hackley man whose death occurred from heart failure brought on through excitement over the shooting of Chas. Pride, were taken to Mr. Harris' former home at Grand Rapids, Mich., for burial. Deceased is survived by a wife and one married daughter.

Spring chicken at Hor's, "they are dandies."

THE CITY IN BRIEF

James McRae was in the city over Sunday.

James Murphy of Monico was in the city, Saturday.

A daughter was born last Thursday to Mr. and Mrs. John Olbrantz.

Mr. and Mrs. Manford Taggart and children of Bundy were in the city, Sunday.

Mrs. Harry Johnston and little son of Antigo were visitors in the city, Sunday.

E. N. Morrill and Thos. Gale autoed over from Bundy Saturday afternoon.

Miss Elaine Doyle has returned from a visit with Mrs. August Lushow at Tomahawk.

Anything you want to buy or sell? Just place a few lines in the want column—that will do the trick.

A. Houtar was at Three Lakes last Thursday in the interests of the Rhinelander Brewing Company.

Wm. Daniels left Monday for a visit among relatives and friends at Cadillac, Mich., his former home.

Now is the time to buy 16 inch wood, both green and dry.

BROWN BROS. LBR. CO.

Mrs. Rott. Schulte and little son have returned from Tomahawk where they were the guests of Mr. and Mrs. Aug. Mahty.

F. A. Hildebrand is home from a visit among relatives and old friends at Oshkosh, Omro and other towns in that part of the state.

Harry Jilison, landlord at the Hotel Northern, Monico, was in the city Sunday consulting a physician in regard to a sore foot which has long caused him inconvenience.

In a letter from Sedro-Woolley, Wash., James Wilson writes that he is well pleased with his new western home and is getting along nicely. He wished to be remembered to all his old Rhinelander friends and ordered the New North sent to his address.

When the stomach fails to perform its functions, the bowels become deranged, the liver and the kidneys congest causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective.

Discovery of the existence of a new counterfeit \$10 gold certificate has been announced by John E. Wilkie, chief of the secret service division. The certificate is represented by the act of July 12, 1852 series of 1901, and bears the check letter "D", plate number 150, the signature of W. T. Vernon, register of the treasury; Lee McClung, treasurer of the United States, and the portrait of Hamilton.

Did you ever hear of a town named Marion?

Dr. T. R. Welch was over from Sunday, Sunday.

Miss Gertrude Bolger of Minocqua did shopping in the city, Saturday.

Baker's velvet ice cream is the best. At Henning's Cafe. 1347

Miss Helen Higgins of Milwaukee is a guest at the home of Dr. J. M. Hogan.

E. H. Schallenger returned Saturday from Minneapolis and departed Monday for Escanaba.

B. L. Horr and family spent several days of the week at the Hardy cottage near Three Lakes.

Miss Bessie Roney of Oshkosh arrived in the city Monday and is the guest of friends on the south side.

Vernie Clifford returned Friday from a visit with Hurley friends. He is a member of the Rhinelander baseball team.

Cut rates on household goods to Pacific coast and other points. Superior service at reduced rates. The Boyd Transfer Co., Minneapolis, Minn.

Miss Blanche Constant, a former student at the Rhinelander Business College, has taken a position in the office of the Mason-Donaldson Lumber Company.

Jas. Kearns is spending the week with a party of Wausau friends, who are camping at Tomahawk Lake. He caught a twenty pound muskallunge Tuesday morning.

Misses Lo's and Doris Bronson, daughter of Mr. and Mrs. C. C. Bronson of Seattle, Wash., are the guests of their grand parents, Mr. and Mrs. C. D. Bronson.

While loading logs near Arbor Vitae Saturday, James McGee was struck by one of the falling timbers and sustained a broken arm. He came to this city for surgical attention.

A full line of Spaulding goods at SAWTELL'S.

James Coffey returned last Friday from a week's trip through the Michigan copper country. He reports times in the upper peninsula as booming. Work is plentiful, wages are good and everybody is prospering.

Mr. and Mrs. F. Patterson returned Monday from Detroit, Mich., where they were the guests of Mr. and Mrs. J. M. Harrigan. They had Chamberlain's Stomach and Liver Tablets in the lumber business at Detroit and it is making a splendid success.

Supt. T. J. Quigley, and W. L. Campbell, roadmaster of the Ashland division of the Northwestern railway, were in the city, Monday. In company with Agent Scott the gentlemen called on the mill men and other heavy patrons of the road.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults.

Sold by

An exchange says that fishermen in some parts of the country kill fish as soon as they are taken from the water. Fish thus killed are found to be better than those which have long gasped and struggled before dying. Why should this not be the case? Why should a distinction be made between animals that swim and those that fly or run? No one would think of eating a bird or beast that had died a natural death.

Mrs. W. H. Durkee is home from a visit at Berlin.

Father Connering of Crandon was in the city, Monday.

Mr. and Mrs. Fred Tilden were here from Eagle River during the week.

Mr. and Mrs. Adeline Barney are the parents of a son, born Thursday.

Mrs. H. E. Osborne is entertaining her niece, Miss Norma Jacobs of Green Bay.

E. A. Forbes and E. C. Sturdevant were at the lakes near Three Lakes this week.

Miss Fern Little of Appleton arrived Tuesday to visit relatives on the north side.

Miss Inez Shelp has returned to her home at Oshkosh after a short visit at the home of Thos. Shelp.

Mrs. Reese and Miss Frances Rockwood of Chicago are the guests of their grandmother, Mrs. W. Elliott.

I announce myself a candidate for County Clerk at the primaries, Sept. 6th.

Mrs. L. Emmerling, who is touring Europe, is now at Berlin, Germany, where she will remain a number of weeks.

Mrs. Edith Bishop and Mrs. A. Sierwight returned last Thursday from two weeks spent at Lake Mills and Whitewater.

Mrs. O. E. Wood and children left Tuesday for a visit at her home at Almond. Mr. Wood is on a trip through the northern Michigan copper country in the interests of the Rhinelander Business College.

W. E. Brown and son, Richard, departed Friday morning for the Pacific coast country where they will remain a few weeks on business. From Seattle they will be accompanied by Ralph Brown to Calaveras County, Cal., where the Brown Bros. company has invested in forest lands.

Already the effects of the recent long spell of dry weather are beginning to be felt in the price of food stuffs. Flour has advanced to about forty cents per barrel. This is due to the lack of rain which has injured the wheat crop, thus causing flour to soar upward. Other grains will also be high and it is predicted that hay will command the fanciest price in many years.

Matt Stapleton returned Friday from Milwaukee.

Mr. and Mrs. I. T. Archer left Monday on a trip to Ironwood.

Miss Alice Carlson of Medford is the guest of Rhinelander friends.

M. E. Cosgrove of Spooner transacted business in the city, Tuesday.

Green hardwood, 16 inch, for sale by Stevens Lumber Company.

C. A. Hodgdon was over from Park Falls, Sunday for a visit with his family.

Mrs. Frank Skutal of Citawba is the guest of her sister, Mrs. Oliver Andersen.

Congressman and Mrs. Davidson are at their summer home at Enterprise lake, this county.

The M. E. ladies will hold a food sale at Hor's grocery store Saturday afternoon July 23.

Miss Martha Hanson of Tomahawk is spending the week with Rhinelander friends.

Mr. and Mrs. E. A. Liebenstein are spending the week with his sister Mrs. H. D. Johnston at Gagen.

Miss Jessie Hanchett left yesterday for Gladstone, Mich., where she will visit her friend, Miss Ivy McGill.

N. E. Preston, the Antigo musician, was in the city last Friday, having made the trip here in his touring car.

Mr. Hobart of Eagle River was in the city over Sunday on his way to Trenton to see his brother, Dr. Hobart.

L. Helgeson left Monday to spend a week at Waupaca with his family who have been visiting there for some time.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more.

J. J. Reardon.

Judge Walker is spending this week in Minneapolis with Mrs. Walker and son, Thomas, who have been visiting there several weeks. Justice W. B. LaSalle is presiding in municipal court this week.

Logan Sanderson has taken a position as stenographer in the office of the Atwood Lumber & Manufacturing Company at Park Falls. Logan recently completed his course at the Rhinelander Business College.

Mrs. Sever Myren of Muskegon, Mich., is the guest of relatives and friends in Rhinelander. Mrs. Myren will be remembered as Miss Lola Myers, daughter of the late William Myers who for many years was engaged in the mercantile business in this city.

Soreness of the muscles, whether induced by violent exercise or injury is quickly relieved by the free application of Chamberlain's Ointment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief.

Sold by All Dealers.

Among those who accompanied the Marion base ball team to this city last Saturday was Geo. F. Raddant, foreman at the office of the Marion Advertiser. The Advertiser is one of the leading weekly newspapers in that part of the state and Mr. Raddant is one of the men who has helped to make it a success. The paper has a circulation of 1600.

George C. Flanner, of the Flanner-Steger Land & Lumber Company, of Chicago, returned last week from a trip to the mill plant of his company at Blackwell, Wis. Mr. Flanner states that the reports of damage by fires in the north were considerably exaggerated. His company lost a few thousand dollars' worth of logs which were in the woods ready to be hauled to the mill, but beyond that no damage was done.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera, and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by All Dealers.

A dance will be given in the Scandinavian hall next Saturday evening. Music for this affair will be furnished by the famous Norwegian Accordion Orchestra of aEuc laire. The accordion used in this orchestra is one of the largest ever made and gives forth a wonderful volume of sound. The man who plays this great instrument is an expert in his line and has entertained large audiences in all portions of the country.

HAY FEVER AND ASTHMA

Bring discomfort and misery to many people but Foley's Honey and Tar gives ease and comfort to the suffering ones. It relieves the congestion in the head and throat and is soothing and healing. None genuine but Foley's Honey and Tar in the yellow package.

J. J. Reardon.

RAPIDS HOUSE

Epilepsy, Fits

"My son was cured of a very bad case of epilepsy with Dr. Miles' Nerveine." MRS. D. BAKER, Cleveland, Ohio.

"My little girl who was afflicted with St. Vitus' Dance is now entirely well, after taking Dr. Miles' Nerveine only four months." MRS. C. G. BENNETT, Alma, Mich.

These diseases have been cured in so many instances, that we do not think there is any longer any doubt that they are curable diseases. Being nervous diseases they yield to the soothing and strengthening influence of Dr. Miles' Nerveine.

Though stubborn, persistent treatment is almost sure to effect a cure by restoring nervous energy. The first bottle will benefit; if not, your druggist will return your money.

Bittermead

A PLEASANT TONIC BEVERAGE

"GOOD FOR THE APPETITE"

Everybody knows that Calamus Root, Gentian Root and Angustura Bark are excellent tonics—very beneficial to the stomach.

They are all contained in Bittermead in just the right proportions to make "Good Digestion Wait on Appetite and Health on Both."

The taste is odd—not bitter, but bitter-sweet and agreeable.

TOASTED RYE FLAKES

(Bismark Brand)

The New-Ready-To-Eat Rye Flake

The More You Eat, The More You Want to Eat

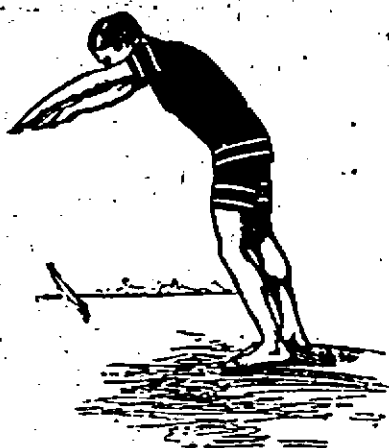

Toasted Rye Flakes (Bismark Brand) is Rye, the most healthful cereal on earth, pan roasted, toasted to a delicious crispness, with Barley malt added to bring out its delicate flavor.

Nothing is like it in a cooked cereal. It is unequalled for delicacy of flavor, and no other food so fully meets all the requirements of a natural food. Its taste is the test.

On account of its low percentage of starch, it is the easiest of all cereals to digest, and especially during the hot summer months it can be eaten with comfort and after-comfort.

Fine cigar clippings at the Anderson alleys.

Sam Anderson made a trip to Minocqua, Saturday.

M. Marquardt sold cigars at Woodruff and Minocqua, Monday.

Mr. and Mrs. F. Jacobs of Minocqua were in the city, Saturday.

Mr. and Mrs. F. W. Watson of Antigo were in the city, Friday.

Adin Bardeen, the Wausau cigar manufacturer, was in the city yesterday.

Julie Demars and family and Joe Stearns were over from Bundy in their auto, Tuesday.

Say, if its chickens you want, call us up. "We're it" on our good things to eat. Horra's.

Miss Ida Cronkrite of New York City and Miss Ruth Boyce of Oconto are guests of Miss Marie Boyce.

Miss Gustie Tegatz has resumed her position at the Peoples Savings Store after a vacation of two weeks spent at Antigo and Oshkosh.

The Burton, the Hurley hotel which has been closed for a number of years, has been re-opened to the public under the name of the Hotel Ebert.

Judge Reid and family and a party of his Sunday school boys from Wausau are on an outing at the Judge's cottage on lake Catherine near Hazelhurst.

Lenn Markham and Issie Cohen were the guests of Mr. and Mrs. Henry Dies at Lake Thompson yesterday. They had good luck at fishing, landing a fine string of pike.

The Northwestern railway company has a crew of men engaged at track improvement work near this city. The men have their quarters in a train of boarding cars stationed on a side track near the veneer plant.

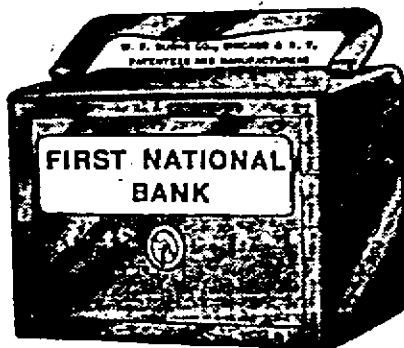

Miss Cora Ruggles, who was injured in her left eye by the discharge of a toy pistol on July 4th, is recovering nicely from the effects of the accident and no ill results are anticipated. Miss Ruggles is again among her friends after having been confined to the house for two weeks.

Sam Samuelson, who for a number of weeks has been suffering from an attack of blood poisoning, has about entirely recovered. His affliction was caused by a slight cut on one of his hands. For a time his condition was regarded as very serious and it was feared that it would be necessary to amputate his arm.

Have you got one of those calabash clays? For sale at the Anderson alleys.

Francis E. McGovern, candidate for the nomination for governor at the republican primaries in September, will speak in this city Wednesday evening, July 27. Mr. McGovern will arrive here in an automobile from Monro that afternoon. All should make an effort to hear him.

Ernest Dawley, son of John Dawley of Crandon and a young man well known in this city, has received his commission as second lieutenant in the United States Army. He has been assigned to duty at Manila, P. I. Young Dawley has just graduated from the Military Academy at West Point.

To the Voters of Oneida County: I wish to announce myself a candidate for the office of sheriff on the democratic ticket, Sept. 6th, at the primaries. j321-a25

MIKE SULLIVAN.

The last load of logs has been shipped out of Brown Bros. camp number 1, near Bundy, and the camp has ceased operations. The crew has been in charge of John LaPage of this city. Many of the men have returned to this city where they make their home.

Chas. Weinfeld of Wausau, the representative of the Northwestern Mutual Life Insurance company who frequently comes to Rhinelander, was awarded a substantial prize by his company in recognition of his ability as a hustler in securing business. The friends of Charles in this city congratulate him.

Economy and Ball Fruit Jars at Saterstrom's.

The Wisconsin rate commission has ordered the Beloit Electric Light, Water and Power company to extend its mains in Beloit, in accordance with demands made by the Beloit city council, with the exception that the time limit set by the council is extended. The commission cautions councils to use discretion in ordering companies to make improvements.

Rhinelander girls and boys are not to be deprived of the delicious ice cream cone. The cones manufactured and sold in this city do not contain any harmful ingredients and comply with all the requirements of the pure food laws. In a number of cities in the country the government experts have found the cones to contain substances injurious to the health of the public. In New York City 5,000,000 impure cones were seized by the authorities.

Locomotives of the Chicago & North western road have been equipped with fire protection, an idea of C. J. Quigley, superintendent of the Ashland division. Each engine so equipped carries several hundred feet of small hose. The water is used from the tank in the tender of the engine and forced by the injector with syphon action. The idea is an excellent one and will no doubt be adopted on other railroads.

Economy and Ball Fruit Jars at Saterstrom's.

Judge Billings spent Sunday at Tomahawk Lake.

Misses Nancie and Ellen Gillen are the guests of relatives at Oshkosh.

S. B. Gary and family are occupying Dr. Hinman's cottage at Lake George.

\$3.00—\$3.50—\$4.00

YOU are invited to inspect our display of the new "Dorothy Dodd" Shoes. Shoe Fashions. Particularly do we direct attention to the new "Dorothy Dodd" Shoes. Not only will they appeal to your artistic sense, but the very stamp on the sole is our double assurance that the quality is honest through and through. And think what this means when, because of the high cost of leather, so many shoes have been deliberately cheapened to deceive you into the belief that you are getting former values at old prices!

Against this deception the very prestige of the "Dorothy Dodd" trademark is your protection. Its makers cannot afford to lower the standard by which it has achieved the most phenomenal shoe success ever known. If you would have prettier and more stylish feet, let us fit you with a pair of these new "Dorothy Dodd" Shoes. They come in all styles and leathers, and for all services.

LEAVES COMMERCIAL HOTEL

J. C. Tytherleigh is Succeeded by G. A. Horn as Landlord.

J. C. Tytherleigh, who for the last year has been in charge of the Commercial Hotel, has ceased the business and the same will hereafter be conducted by G. A. Horn, one of the oldest hotel men in the city.

Mr. Tytherleigh and family intend to move west and will locate in Idaho. Under the management of the retiring landlord the Commercial has enjoyed a splendid patronage and is now rated as a good \$2.00 per day hotel. The departure of the Tytherleigh family is deplored by a host of friends formed during their short residence here.

Mr. and Mrs. Horn are experienced hotel people and need no introduction to the citizens of Rhinelander or the traveling public. They will continue to give the patrons of the Commercial the best of service.

SOCIALISTS NAME TICKET

The Social Democrats have placed a full ticket in the field in Oneida county with the exception of district attorney, as follows: Congressman Tenth district, Lynn Thompson, Rhinelander; assemblyman, Charles Keeper; sheriff, S. G. Perinler; Clerk, Thomas Wright; treasurer, P. Hammer; clerk of court, C. E. Morrill; register of deeds, Al. Schultiz; surveyor, F. J. Wals; coroner, Garrett Lee.

FOR ASSEMBLY

To the Voters of Iron, Oneida and Vilas Counties: I hereby announce my candidacy, on the republican ticket, for Member of Assembly for the 53rd district, comprising the above counties. If elected to this important office, I pledge the same careful attention to the interests of the district, as characterized my previous terms of service. Respectfully, E. A. EVERETT.

Martin Johnson, the Tomahawk Lake merchant and resort proprietor, was in the city, Monday. He tells us that business at his resort is the largest it has been in several years, the unusual heat this summer driving vast numbers of people from the cities to the northern Wisconsin woods. Fishing in Tomahawk and adjacent lakes is first class. The "muskie", pike and bass are biting freely and some big catches are being made.

ROONEY MAKING GOOD

His Work At First Pleases the Oshkosh Fans

According to all reports "Rube", Rooney, the little base ball wonder who went to Oshkosh last week to play first base on the Wisconsin-Milwaukee league team, is making good. This however, is no news to the fans of Rhinelander all of whom expect great things of the Cleveland lad in fast company.

When Rooney first left this city he became afflicted with a lonesome feeling for the old town and informed Manager Bellier over the long distance telephone that he was coming back. He evidently conquered the "blues" for he failed to put in an appearance here last Sunday, the day on which he said he would return.

Of him the Oshkosh Northwestern says the following: "Frank Rooney, discovered in the timber at Rhinelander, Wis., slammed out a two bagger in that stanza that gave the score a substantial boost and scored the warriors' first run."

The lad from the north put up a great exhibition around the first sack, gobbling up all the pegs that came his way.

Rooney, who is being tried at first base, gives promise of becoming a star. The lad from Rhinelander is a little too anxious to hit. He has a nice position at the plate and meets the ball squarely. His fielding at first has been good."

APPLICATION FOR LICENSE

To the Common Council, City of Rhinelander: The under signed does hereby apply for license to keep a saloon for the sale of intoxicating liquors upon the following described premises: viz: N. 20 ft. of the S. 40 ft. Lot 3 Block 25 Orig. Plat. in the city of Rhinelander.

I offer as sureties C. H. Roepcke and Fayette Patterson.

Signed. PAT CAIN.

Dated July 13, 1910.

Spring chickens at Horra's. Leave your order now for Saturday.

The Celebrated Ardee Flour

Purity, All wheat washed in artesian well water. Not dirty, contaminated lake or river water.

Cleanliness, ARDEE is milled in one of the cleanest mills in the world and is untouched by human hands during the process of manufacture.

Quality, Only the choicest portion of the wheat kernel is used for ARDEE. All the poorest part of the wheat is eliminated.

True Economy, Every sack of ARDEE must produce more loaves of better bread or your money will be cheerfully refunded.

La Follette's WEEKLY MAGAZINE

The Great Progressive Weekly

There are many reasons why you should read what it says 52 times each year. It is free to tell the truth. It will oppose the encroachment of special privileges upon the people's rights. It will call the roll on public men and measures and inform you how your congressmen work and vote. It will criticize the executive branch of government from the highest to the lowest, if in its judgment the people's interests are not protected. It will spread the gospel of ideal home life through the Women's Department. It will be conservative when good things are to be conserved, and radical when bad things are to be exposed.

CARING FOR EDNA

"I've given up all thoughts of ever getting married," declared Edna, holding up the Irish lace she was crocheting. "I did think at one time that my chances were a little better than the average girl's, but now I have resigned myself to the inevitable."

"Well, the right man hasn't come along yet, my dear," graciously suggested Edna's married friend. "Just as soon as he does you'll know it and he'll know it, and then there will go the marriage bells."

"I wish it really was as simple as that sighed Edna, "but you are not taking my bachelor uncle into account."

"Why, what has your uncle got to do with your not getting married?"

"Everything," declared Edna, ruefully. "That is, nearly everything. I am not the only star in my own evening horizon. In fact, I am either completely obscured or I shine only with reflected glory. You've heard me speak of my bachelor Uncle Bob. He lives over on the next street in a boarding house and he thinks that his one absolute duty is to drop in on me every evening of his life immediately after dinner and act as master of ceremonies for the rest of the evening. The few times he has failed to appear he has called me up by telephone bright and early the very next morning to express his apologies and regrets."

"But he doesn't interfere with your callers, does he?" queried the married friend, with dawning comprehension. "Surely he goes upstairs with the others and plays cards or something of the sort?"

"That's just what he doesn't do," responded Edna, compressing her lips. "He says he enjoys knowing and meeting my friends, and he usually remains all evening when they come, and on some occasions has even escorted to the door some young man whom he particularly favored. He thinks it is his duty as a man with responsibilities to look after my matrimonial prospects. I nearly expire with mortification when he asks some new man who is calling for the first time to have lunch with him the next day. I really know of two cases where he absolutely frightened away very eligible young men by his overassiduous attentions."

"Couldn't you delicately hint to him that he is too much of an evening delight?" suggested the married friend, sympathetically.

"I shouldn't dare," affirmed Edna, prodding her crochet needle viciously into the lace rose. "He is the kind who would spend the rest of his life nursing such a cruel sting of ingratitude."

"Still, Tom says he is about desperate to have a few moments alone with me. The other evening when he came he asked me if I couldn't put a few grains of some harmless slumber powder into Uncle's coffee."

"Just as he finished speaking Uncle came bustling down from father's room, where I was hoping that he was safely stowed away. He started at once to give Tom some good advice on the subject of a young man's having a bank account. Then he drifted into a few words of warning about making hay while the sun shines and striking while the iron is hot. Although I had a fearful cold I started to sing furiously."

"You poor girl!" exclaimed the married friend. "I wonder you don't have nervous prostration. Why don't you get your family to move?"

"Uncle Bob would move, too, he loves us so. I thought that when summer came things would be better. In fact, I hit on what seemed to me a clever plan. I fixed up the backyard with a swinging davenport and wicker chairs. Tom was delighted with the plan. The first evening the yard was ready Tom came over early and immediately we tore out through the kitchen to the peace and quiet of the Arcadia we had secured."

"As we approached the swing we heard the chains creaking. Then we saw the lighted end of a cigar."

"I was just going in to get you," announced Uncle Bob from the cozy seat of the davenport swing. "It is fine out here. I was strolling by and came in at the side gate. Sit down, sit down. I like young people around me. It never bothers me a bit."

"Couldn't you marry him off to some unsuspecting spinster?" suggested Edna's married friend with sympathy in her voice. "I'd take almost any measures to get rid of such a clinging and pertinacious relative."

"No," said Edna, listlessly. "He says he will never marry and that he is waiting for me to get married so he can come and live with me."

When a Fishhook Snags.

In Ireland when an angler's hook catches in a root under water he cuts a willow sprout, bends it into a hoop, passes it over rod and line and lets it float beyond the obstruction, when a sharp pull on the line generally frees the hook.

In England, says a writer in Forest and Stream, an angler has improvised on this method. In his kit he carries several of the wire paper clips used in filing letters. If his hook becomes snagged he attaches the clip to a bit of brush, then springs the clip over his line, and when the snag has floated beyond the snagged hook the clip acts as a puller in freeing it. He says it is an effective and cheap clearing ring, and it is not heavy.

WOODSMAN IS KILLED

Hans Danielson Meets Death From Falling Tree, Saturday.

Hans Danielson, a woodsman employed at camp number 1 of the Robins Lumber Company, was killed by a falling tree while at work Saturday morning.

The tree in falling pinned Danielson against the trunk of another tree nearby, crushing him to death. The body was removed to the morgue in this city from where the funeral was held the following day. The unfortunate man was fifty years of age and a native of Denmark. He had long made a living in the pines of this vicinity and was well liked among his fellow countrymen. As near as can be ascertained Anderson had no relatives in America. He carried an accident insurance for \$300 and had a small amount deposited to his credit in one of the Rhinelander banks.

MISS QUINN IS WARNED

Miss Lettie Quinn and Emma Laugesen returned Tuesday from a short visit at New London and departed yesterday morning for the West. Their destination is Seattle and they will make extended visits enroute at Miles City, Mont., and Bellingham, Wash. Their intention is to make their future home on the Pacific coast but if the country is not to their liking they will return to Rhinelander in the fall.

Miss Quinn has been warned against the aridness of the male population in the West but after successfully weathering the attentions of the young men of Rhinelander she seems to think that she is thoroughly proof against the artful designs of cupid. However, we have known entire families of girls who have held the same opinion as Miss Quinn and now they preside over happy homes.

AUGUST 6 LAST DAY

Candidates for nomination to county offices at the September primary are required to file their nomination papers thirty days before election. Primary election is Sept. 6. Thirty days before that date is Sunday, August 7, and so Saturday August 6, will be the last day upon which County Clerk W. W. Carr will receive papers for filing at the September primary. The papers may be filed at any time up to and including August 6.

A man obtaining signatures to his nomination papers must secure at least three per cent of the number of votes cast in the county at the last general election by the party of which he is a member.

MAKE A BIG CATCH

W. H. Gilligan Sr. and John Didier claim to have discovered a lake in this county in which the fish are so numerous that they often interfere with the progress of a boat through the water. This lake is located near Tomahawk Lake village and is seldom visited by others except Indians.

Messrs. Gilligan and Didier returned from there Sunday night, having in their possession over eighty fine pike which they captured without any effort whatever within a few hours' time. Mr. Gilligan says that some of the funny ones were so cautious to leave their happy home that they flopped into the boat on their own accord. This lake will no doubt become popular with Rhinelander disciples of Walton.

MANY ATTEND PICNIC

The Modern Samaritan picnic which was held at Lake George last Sunday, proved to be a success. A large number of members and others drove out early in the morning and the two coaches on the Northwestern train were crowded to the doors. The weather being agreeable, everybody enjoyed themselves. The base ball game in the afternoon was exciting although the teams were inexperienced. The base ball game out in the fifth inning and the score at that time was 5 to 4 in favor of the Samaritan Nine. It was decided to finish the game at some future day. A brilliant display of fireworks was given in the evening.

CROP CONDITIONS

That growing crops in the state have suffered greatly because of the cold spring and hot, dry summer is shown from the reports of fifty-four counties.

"Percentages of conditions of crops, as reported, are as follows: winter wheat 85; winter rye, 87; spring wheat, 75; spring rye, 75; barley, 80; oats, 75; peas, 76; corn, 87; potatoes, 85; cabbage, 75; tobacco, 80; sugar beets, 88; tame meadows, 93; wild meadows, 67; pastures, 60."

MARRIED IN WEST

Miss Effie Russell, a young lady who formerly resided in this city, was married to Joseph W. Terry at Harrison, Wash., on July 15. Mr. Terry is employed on the Northern Pacific railway with headquarters at Spirit Lake, Wash.

Our chickens are received alive and will be fresh dressed to you.

BURMAH HOME OF THE RUBY

Practically All the Valuable Stones Are the Product of That Country's Mines.

All the world's great rubies come from the mines of the Mogok valley, India. There are four principal mines in the valley, in each of which modern tools and machinery are used, which facilitate the proper examination of a large amount of byron or ruby-bearing clay each day. In the nearby valleys the Burmans still prosecute their searches in the old way, digging and washing by hand labor, but often with astonishing results. In the large workings the system has been reduced to a science, with corresponding results. The work goes on day and night. The ruby-bearing clay is extracted by the open quarry method of removing all the surface down to the valuable clay, which is then dug up, carried on trolleys to the steam cleansing mill, washed, passed through the sieves, and then examined for rubies and spinels. The byron stretches almost everywhere along the Mogok valley, and wherever this clay exists rubies are to be found. Besides the pure ruby, spinel or balas rubies are found in large quantities in the same neighborhood. Wherever the ruby is found the spinel is sure to crop up close beside it. They are both crystals of alumina, but of different shapes. Except in a few rare cases the expert can easily distinguish between the two stones, although they are very much alike to the naked eye. The Burman is inclined to invest his savings in rubies and diamonds, which may be readily realized upon in times of financial stress. Rubies are more precious than diamonds, and are practically indestructible except by fire. During the season as many as 2,000 Burmans are employed in the mines.

It is commonly believed that the use of iron commenced in either Africa or Asia. The latest investigations prove that it was not worked in Egypt until the ninth century before the Christian era, or in Libya until 450 B. C., that the Semites adopted its use still later, and that it has been known in Uganda only within the last five or six centuries. In China iron is first mentioned in 400 B. C. Bronze weapons were employed in China until 100 A.D., and in Japan until 700 A.D. According to a Mr. Ridgeway, who has investigated this subject, the metallurgy of iron must have originated in central Europe, especially in Noricum, which approximately represented modern Austria and Bavaria. Only at Hallstatt and in Bosnia and Transylvania, from which countries the Achaeans and Dorians are supposed to have migrated to Greece, are found evidences of a gradual introduction of iron, at first as an ornament applied to the bronze which it ultimately displaced. Everywhere also iron was introduced suddenly—a fact which implies a foreign origin. He says that meteoric iron was known in Egypt in remote antiquity, but no doubt it was worked as flints are worked, by cutting or chipping, and was not smelted. In other words, it was metallurgy, not the knowledge of iron that originated in central Europe.

Hard to Trace Exactly, But Its Origin Is Thought to Have Been in Central Europe.

The latest investigations prove that it was not worked in Egypt until the ninth century before the Christian era, or in Libya until 450 B. C., that the Semites adopted its use still later, and that it has been known in Uganda only within the last five or six centuries. In China iron is first mentioned in 400 B. C. Bronze weapons were employed in China until 100 A.D., and in Japan until 700 A.D. According to a Mr. Ridgeway, who has investigated this subject, the metallurgy of iron must have originated in central Europe, especially in Noricum, which approximately represented modern Austria and Bavaria. Only at Hallstatt and in Bosnia and Transylvania, from which countries the Achaeans and Dorians are supposed to have migrated to Greece, are found evidences of a gradual introduction of iron, at first as an ornament applied to the bronze which it ultimately displaced. Everywhere also iron was introduced suddenly—a fact which implies a foreign origin. He says that meteoric iron was known in Egypt in remote antiquity, but no doubt it was worked as flints are worked, by cutting or chipping, and was not smelted. In other words, it was metallurgy, not the knowledge of iron that originated in central Europe.

Hard to Trace Exactly, But Its Origin Is Thought to Have Been in Central Europe.

It is commonly believed that the use of iron commenced in either Africa or Asia. The latest investigations prove that it was not worked in Egypt until the ninth century before the Christian era, or in Libya until 450 B. C., that the Semites adopted its use still later, and that it has been known in Uganda only within the last five or six centuries. In China iron is first mentioned in 400 B. C. MINOCQUA.
(From Minocqua Times.)
We understand that the large raspberry patch of Wm. Schlecht's was destroyed by fire last week.
D. Jenkinson is getting his summer home "Jipkin's Point" fixed up in shape. He has cleared up the lake shore and trees, and has also erected a flag pole from which "Old Glory" waves.
Several large muskallonge were caught in the lake this week. Mr. E. P. Peck of I-diasap Wis. had caught a 35 pounder Sunday morning and Mr. W. W. Cloan of Mexico City caught a 30 pounder Tuesday morning. Both of the gentlemen were guests at The Northern.

Hoover & Winger received their new house boat from the Minocqua Boat Works yesterday and are now ready to lease it to the public. The boat is fitted with every convenience and has a 15 horse power gas engine to propel it. This will be a great comfort for a few days outing on the lake and undoubtedly will be in great demand.

BUNDY
Mrs. Eugene Hurlbut and Mrs. Anderson of Parish were the guests of the former's daughter, Mrs. Paul Larson, Saturday.

A dance was given by Messrs. B. Meyers and Gardiner at the town hall Saturday evening. Among the outside attendance were Mr. and Mrs. Lynn, Mr. and Mrs. Keepe, and Mrs. Rantz of Rhinelander and E. Hulbert and Harold Barker of Parish.

Alfred Hong and John Youngquist, spent Saturday night in Rhinelander. They returned Sunday morning and immediately started for Parish, a small mill town seven miles from Bundy. Owing to ill-treatment by the driver the horses ran away. Neither of the men were injured but the pole of the carriage and parts of the harness were broken.

Mrs. Ed. Cronk returned home Saturday.

Much interest is being taken in the organization of a Ladies' Aid Society here. They met at Mrs. Hunter's home last Wednesday afternoon.

Misses Ethel and Florence MacDonald returned home after a month's visit with their grandmother, Mrs. Pond, on a farm near Parish.

Peter LaPorte, missionary, organized a Sunday school here Sunday. Mrs. Hunter was elected superintendent; Monna Aker secretary; and Fern Kummars librarian.

Fred Dobbs escorted Miss Lee to the dance Saturday evening. Will some one gently break the news to Ekho?

MERCER
Mrs. Wm. Hobbs and son, Tim, are visiting friends in Minocqua this week.
Mrs. Maud Wing of Lac du Flambeau spent Tuesday at the home of her parents.
Mrs. H. Hendricks and daughter, Violet, did shopping in Rhinelander Thursday.
Mrs. George Harper entertained the Ladies' Aid at her home last Wednesday.
Mrs. Early of Manitowish is a guest at the Hendricks home.

Miss Edith Davis of Stevens Point is visiting friends and relatives here.

Mr. and Mrs. George Cue arrived here on No. 6 Tuesday night. Mr. Cue is again working on the Foster-ville branch.

Ed. Maoney returned to Antigo Tuesday.

Mr. and Mrs. Nelson and daughter, Eleanora returned Thursday from a two weeks visit at Wausau and Bear Creek.

Mrs. J. J. Byrne spent part of last week with relatives in Rhinelander.

Mr. and Mrs. E. Conwell returned to their home in Antigo last Thursday.

Mrs. P. McCoy, daughter Hazel, and Miss Balliett were guests at the Hotel Northern last Wednesday.

Miss Florence Davis has gone to Stevens Point where she will make an extended visit with relatives.

Ray Newby of Arnot, Wis., spent Saturday and Sunday here with friends.

A dancing party was given in the town hall by the M. W. A. camp. Music was furnished by the Troubadours. About 52 couple were present.

ROBBINS
Mr. and Mrs. W. W. Leitchfield and son of Chicago returned home Thursday, after spending the past two weeks at the Sugar Camp resort. The following Rhinelander people have been guests at Knapp & Jones the past week: Messrs. R. C. Dayton, D. F. Recker, F. C. Sawtell, Mesdames F. C. Sawtell, C. H. O'Connor, R. C. Dayton, F. A. Hanson, D. F. Recker, E. C. Sturdevant, H. L. Reers, Misses Lois L. Recker and Raeburn O'Connor and Masters Lee

Reers, Willard Dayton and Reed Sturdevant.
Mr. and Mrs. Frank Miller and Harold Boyer returned to Saxton, Tuesday.
Every one is haying and all wish for more marshes, as wishing for rain is a thing of the past.
The dance Sunday at Knapp & Jones' bower was a complete success. Kenneth Clorn of Rhinelander, spending the week with his sister, Mrs. W. L. Miller.
Mrs. Jess Leeman is the guest of her father S. Stapleford.
The town is building a new road to Robbins' camp.
Mr. and Mrs. John Rhode, Mrs. A. Stefnack Jr., John Tomchak, Mr. and Mrs. Samanski were Rhinelander callers, Tuesday.
Mr. and Mrs. Fred Haas and son left Monday for the southern part of the state.

GAGEN.
Mrs. W. Martin was in the village Thursday while on her way to her home at Hackley, from Hobson where she visited her daughter, Mrs. A. Kronik.

Mrs. J. Freimuth and daughter, Miss Annie, visited Mrs. Chas. Boehm at Three Lakes, Friday.

Mrs. J. Reitz and Mrs. R. C. Luedke and baby Gulle were Rhinelander visitors, Friday.

Alvin and Alfred Piehl returned to their home at Seymour, Saturday.
Mrs. Hilton and niece, Andra Boorom returned from a trip to Prentice and Clifford, Monday.

Mr. and Mrs. E. A. Liebenstein of Rhinelander came Monday evening to spend till Friday at the Johnston home.

F. H. Piehl transacted business in Rhinelander, Thursday.

Miss Logan and Miss Margaret Hart of Racine are the guests of Mrs. F. H. Piehl.

Miss Ida Thompson who has spent seven years in China as a missionary was the guest of Mrs. H. D. Johnston from Friday till Monday. Miss Thompson expects to return to Canton, China in a few weeks.

Mrs. H. D. Johnston spent Monday in Rhinelander.

ROOSEVELT
Mr. and Mrs. Frank Davis of Chicago arrived the latter part of last to spend Mr. Davis' vacation at the Swail's resort.

Sunday afternoon, a party of nineteen were taken to Fifth Lake for a picnic supper through the hospitality of Chas. Swails, whose launch had in tow several row boats. The trip was very enjoyable.

The Misses Margaret Coon, Helen Forbes, Marion Turner and Messrs. Paul Joslin and Lewis Crusoe spent several days at Axel Lindegren's during the past week.

Mr. and Mrs. Crosby, Harold, and Florence, Rob Duncan, Mrs. Reardon Una and Ronald, took a swim and supper at Axel Lindegren's Resort, Monday afternoon.

A party of several mothers, whose sons have been camping across the lake, came up Friday and gave the boys a big picnic dinner, which they seemed to appreciate. The party consisted of Mrs. Joslin, Mrs. Keith and others.

Misses Helen McIndoe of Rhinelander and Margaret Alexander of Wausau spent Tuesday, as guests of the Misses Swails.

A large and commodious porch is being added to the Swails resort.

Mrs. Cleary, Mrs. Redfield, Mr. McGowan, Gus Urbank and family spent Sunday at the Swails resort.

Miss Williams was an over Sunday guest at the Packard cottage.

Profs. F. A. Harrison, Asa M. Royce and John E. Hale were over night visitors Friday.

Rev. and Mrs. Bergstrom, mother and sister of the former, are spending the week at Axel Lindegren's.

HAZELHURST
Oscar Kuba is entertaining his mother and sister, of New Port, Wash. Robt. Graves and family of Wausau are the guests at the home of Robt. Fialoty.

The Misses Anna and Louisa Kucera have returned from a trip to Big Rapids Mich.

Mrs. James Peroutka visited at Junction City the past week.

The little son of Wm. Lowe died Friday morning Cholera infantum being the cause.

Funeral services were held Sunday at 1.30 p. m. at the M. E. Church by Rev. I. C. Lewis of Tomahawk.

Mr. and Mrs. John Didenhaler of Merrill were the guest of Mr. and Mrs. Albert Morton.

We had our fourth of July display of fireworks Sunday evening. Owing to the dry weather it was not that safe to have them sooner.

The game of base ball between the H. A. C. of this place and the C. O. F. of Tomahawk resulted in victory for our home team. This is the second time the C. O. F. team has suffered defeat at the hands of our boys. The score Sunday being 6 to

11. The Hazelhurst team has defeated all comers so far this season, and can easily keep first position, being a fast team.

In the race between the several launches which was held on lake Katherine last Sunday, Peter Christanson easily won first place.

Mr. and Mrs. David Burns, Sr., of Arbor Vitae were Sunday visitors at this place.

Miss Grace Maquin returned to her home at Arbor Vitae after a ten days visit with friends.

Miss Lona Lanchat of Arbor Vitae was a guest of Miss Ella Hansen last week.

Mrs. Wm. Stoker and children returned Thursday from a visit at Rhinelander and Wausau.

Miss Clara Bokke of Evanston, Ill., is visiting her parents.

Mrs. Lloyd Dovern is entertaining her sisters, Mabel and Edith of Bundy.

Dist. Supt. Lippert and Rev. I. C. Lewis held quarterly conference at the M. E. church, Wednesday.

Wm. Silsbee and family of Minocqua came over in their launch to attend the boat races Sunday.

Wm. Jens and family and Wm. Fondrick and family attended the wedding of Frank Fondrick at Grand Rapids, Monday.

Mrs. Berrand was a Minocqua visitor Friday.

Miss Mabel Stone who has been attending business college at Milwaukee came home Monday.

All About the Codfish.
Bill Nye on codfish: "A correspondent of the New York Post says that the codfish frequents 'the table lands of the sea.' The codfish no doubt does this to secure as nearly as possible a dry, bracing atmosphere. This pure air of the submarine table lands gives to the codfish that breadth of chest and depth of lungs that we have so often noticed. The glad, free smile of the codfish is largely attributed to the exhilaration of this oceanic altitudinism. The correspondent further says that the 'codfish subsists largely on the sea cherry.' Those who have not had the pleasure of seeing the codfish climb the cherry tree in search of food, or clubbing the fruit from the heavily laden branches with chunks of coral, have missed a very fine sight. The codfish, when at home rambling through the submarine forests, does not wear his vest unbuttoned, as he does while loafing around the grocery stores of the United States."

In This Land of Possibilities.
Joseph Mardust came to this country from the north of Europe, worked eight years for \$6 a week, married when it was raised to \$9, and four years later departed for "home" with his family and a draft for \$2,000 on a foreign bank, thenceforth to lead a country gentleman's life.—World's Work.

From one end to the other the temper is absolutely uniform. That's what we say about

Simonds Saws

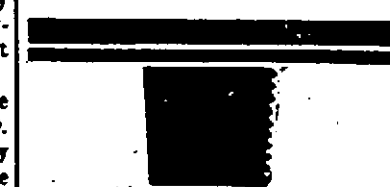

because we have the makers' guarantee that this is so.

Good Simonds Steel gives a toughness to the teeth of a saw that causes them to wear extra long without filing. They are sharp and they stay sharp.

Sharp points cut, since all the cutting of a saw is done only at the point of the tooth.

What kind of a saw do you want? We have hand, rip and panel saws, compass, keyhole, back saws, etc.

Come in and ask to see the Simonds Saw

T. C. Wood Hw. Co.

WHEN HE MISSED HIS MOTHER

Bishop of Lincoln Regretted Inability to Make Frank Criticism of Poor Sermon.

Canon Scott Holland, in an appreciation of the late bishop of Lincoln, mentions that Doctor King was a bachelor, and his mother lived with him till her death. He said once, after hearing a rasping sermon that irritated him: "It is at such a time that I miss my mother." He was asked why.

"Because directly we were through the door I should have turned to her and said: 'That was a beastly sermon,' and then it would have been out, and I should have been sorry to have said it and should have begun to apologize for the sermon and to love the preacher. Now the poison is in me all the week and I can't get rid of it."

Doctor King had a delicate and subtle wit. Once, said the canon, we had all been rather swept off our feet by the vivacity of certain Hampton lectures which were laid out on rather well worn conventional lines.

The material was old, no doubt, but still it was surprising how well they went. How was it? What would King say of them? "Well, it is wonderful," he said, "how good an old pair of trousers will come out if you have laid them away for some time in a drawer."

He had hit it exactly. The trousers were green, for all their apparent sheen.

The New Testament From Memory.

Today the Bible is the best memorized book in the world, and no doubt it could be entirely reconstructed from the minds of its students. One young woman alone could dictate the New Testament. She is Miss Leste May Williams of North Carolina, now 20 years old. Some time ago Rev. J. A. Grendall, pastor of the local Baptist church, offered a prize for memorizing verses of Scripture.

On the day of the award Miss Williams had committed and recited to the committee 12,236 verses of Scripture, covering the entire New Testament excepting the two genealogies of Jesus in the first chapter of Matthew and the third chapter of Luke, and including liberal selections from Genesis, Psalms, Ecclesiastes, and other parts of the Old Testament. The New Testament itself contains 7,953 verses and 150,000 words.

A Guilty Conscience.

"That view is rather unscientific," said, at a dinner party in New York, Dr. Simon Flexner, the head of the Rockefeller Institute.

"That view reminds me," continued Doctor Flexner, "of Hopkinson, who was wont to observe Lent very vigorously."

"But on a certain fast day, after three hours of golf, Hopkinson couldn't resist a luncheon of chops. And as he munched his chops, a violent storm came up suddenly; a blue light filled the room, and then a terrific clap of thunder shook the building."

"Hopkinson, pale and shaky, laid down his knife and fork."

"What a fuss," he muttered, "over a mutton chop."

Food Value of Chestnuts.

The fruit of the chestnut tree is nearly as valuable as bread and more valuable than potatoes for dietetic purposes. Two pounds of chestnuts contain 118 grammes of starch and eight of fat.

The annual production of chestnuts in France is over 3,000,000 quintals of 220 pounds. That means food for many workmen. But the hide-tanners keep the product from the food-market by buying it in large quantities for use in their business. Producers make more profit by selling their chestnuts for tanning than by disposing of them for food.—Harper's Weekly.

Water in Ancient Times.

Over 4,000 years ago an elaborate system of filtration was established by the Egyptians to purify the waters of the Nile. In both Rome and Athens hot water was drunk in preference to cold by the small minority who used water for drinking purposes. Chamber, writing in 1560, notes that the habit of drinking hot water was spreading among all classes in France. "Some warm it by holding over the fire; others dip burning bread into it. Rich people plunge a bar of hot gold into their water before drinking it, and the less wealthy a bar of hot iron, while the very poor are content to warm their drink with a live coal."

An Ingenious Swindle.

An ingenious swindle by a palmist calling herself Mary Andre was successfully operated at Trieste recently. When she examined the hand of well-to-do ladies she generally predicted some impending misfortune, and explained this was very likely due to their possessing some unlucky jewel. A number of her clients trusted the palmist with their jewelry in order that she might discover which was the offending stone. Frau Andre must have had a large clientele, for she suddenly disappeared from the Austro-Hungarian city with \$25,000 worth of this jewelry and has not been since heard of.

Deceit.

It is as easy to deceive one's self as it is difficult to deceive others.—Rochefoucauld.

Foreign Waiters in London.

There are said to be 150,000 foreign waiters employed in London.

FISH 30 YEARS A CAPTIVE

When Released It Knew Something Besides How to Swim in a Circle.

A big sturgeon that has been a prisoner 30 years has just been released from his long captivity and set free in the Columbia river. The fish was taken from the Columbia river, near Cascade locks, in the spring of 1850. It was caught in a fish wheel and was given to the late Dr. W. H. Adams of Hood River.

The sturgeon was placed in a small pond on the Adams ranch, says the Portland Journal. There were then two ponds on the place, and the fish was changed from one to the other from time to time. Some years ago the ponds filled with grass and weeds, and the water became so shallow that the back of the sturgeon was blistered by the sun.

The fish was then moved to the pool of a fountain on the farm, where it swam about in a circle. It kept growing bigger, until it was about six feet long and the fountain was too small a place for it to be kept.

Mrs. Sue M. Adams Armstrong, owner of the farm, ordered the release of the pet fish, and the sturgeon was carted to the Columbia river and set free.

Interested spectators predicted the fish would swim in a small circle in the river from the habit of 30 years, but this was not true. Dazed for a moment by the unaccustomed extent of water, the sturgeon hesitated, and then swam away to the deep channel of the river.

Indian Superstition.

Dying to Order is one of the most sacred customs of the American Indian. Thirty years ago Standing Elk came to Maj. James McLaughlin, the author of "My Friend, the Indian," and said: "Father, my wife will die today, and she wants a coffin from you." The major asked him what the ailment was, and he replied: "Just nothing, but she heard the ghosts calling and must go." Somebody had told her, it turned out, that she was sick, so she had "painted for death" and all her relatives had gathered about her to bemoan her—and incidentally to divide her property as soon as she was dead. There was no use in the major arguing about it, so he had the coffin made. In many cases those "painted for death" are actually bullied into dying, but Mrs. Standing Elk was still too vigorous. Finally in despair she carried the coffin into the house on her own shoulders, and several years later the major saw it still standing on end in her house. Shelves had been fitted into it and it was doing duty as a cupboard.

And the Money Came Back.

When a Darby man sent a vest to be cleaned he forgot that in the inside pocket was a roll of notes amounting to \$165. He made up his mind that the money was lost in some other way and marked it down as something of the past. When the vest came home the money was discovered.

Perhaps the owner has not yet decided whether the money was overlooked by the cleaner, whether it was returned by an honest man, or whether the cleaning of the vest was merely imaginary. That he got the money back is enough to know, yet it would be only fair to the cleaner to give credit for not being curious to the extent of examining the pockets of garments sent to his shop, or else to hold that he is really an honest man, too modest to parade himself.—Wilmington (Del.) News.

Advantages of a Cook.

When the woman went in to see her Bavarian neighbor another woman sat there. The Bavarian failed to introduce her. Finally the other woman got up and went in the kitchen. Then the Bavarian explained:

"She's a cook," she said. "One of my friends I used to have when I was a cook, too. She was dishing me how dey waited on her. She did not have to deal bôdadoes, or fash de lettuce or nothing. Id vas all done for her. Den besides dat, she get dirty dollars a mont. Now, you! You work ferry hard, undt by de end of de mont, do you haf so much as dirty dollars left? offer? Is it? Yes?"

"Hardly," admitted the woman, sadly. "Vel, den," her Bavarian neighbor said.

American Voices Something Fierce.

"You don't notice it so much when you have been living here right along," said a man who returned lately to America from the Orient, "but to a person who has spent the last two years in sleepy Hindu villages American voices, particularly the voices of American women, are, as the Bower boy might put it, 'something fierce.' Men gabble or mutter or bellow, clip off words and talk through their noses, all of which is bad enough, but women tear your nerves to pieces by shrieking as if each were trying to outshriek the other. My wife has dragged me to some receptions and things, and I wonder more and more why voices, such as our grandmothers had—sweet, low voices—are never heard any more."

Large Haul of Fish.

An extraordinary capture of gray mullet was made at Plymouth recently. The fish were found in the Great Western Railway company's graving dock at Millbay. The dock gates were closed and when the water was pumped out the fish were captured and sent to market. They weighed about 4 1/2 tons and most of them were consigned to France.—London Times.
